Celebrate Women’s History Month with the American Association of University Women

A.A.U.W. is the nation’s leading voice promoting equality and education for women since its founding in 1981. On Thursday March 10 at 7 PM the guest speakers will discuss women’s issues that are passionately working on, including a recent National Women’s Leadership Forum for high school female students sponsored by Hoboken Board of Education and A.A.U.W. They will cover fundamental issues—educational, social, and economic. Find out how you can participate, and come and create a meaningful program in one day for all ages. There will be opportunity to ask questions from a School Nurse.

Teen Arts & Crafts
Every Monday teens in grades 6-12, relax and get creative after school with different crafts or artistic projects.

Liiz Cohen Solo Show
Liiz Cohen will be displaying her art in the second floor gallery in March. Cohen majored in art at Douglass College, Rutgers and University of California at Berkeley, where she earned her Masters of Art. She draws upon her experience of seeing and collecting art from many cultures, that she has visited including the bark paintings of the Australian Aboriginal people, the sculpture of West African American artists, and the clay and stone figures of the Maya and Inca peoples. American artists like Hawkins Bolden and Thornton Dial have influenced her. Her childhood dolls and toys have been her muse in her creative process. The combination of these inspirations has given her a passion for creating a “society” of dolls which have their own cultural universals — language, technology, family structure, and government. The pieces on display will cover the aesthetic values of Doll Culture. Cohen will show mixed media works including paper, fabric, and reverse glass painting. She uses fabrics collected from all over the world and recyclable materials, which gives the impression that the dolls could be artifacts from many civilizations. She invites you to enjoy this new found world.
