The Hoboken Public Library Strategic Plan

The Hoboken Public Library is pleased to announce their Strategic Plan for 2010-2015. The plan uses qualitative and quantitative information to examine issues, obstacles, and opportunities that the library will address in the next five years. Community Leaders were interviewed in person and 200 phone inter-

views of library users and non users were conducted. The Ivy Group Consultants, who specialize in library planning, assisted with the development plan. Seven Initiatives were determined including: address the lack of adequate space, increase ability to advocate for sufficient funding, create a cul-

ture of philanthropy, meet expectations of access to information technology, forge a distinctive brand for the library, sustain the quality of service for Hoboken's diverse population, position the library to respond and implement change. The Strategic Plan is available on the library website.
