**Here's What's Happening in November @ Your Library**

**Sculpture by Chris Kappemeier**  
Sculpture by Chris Kappemeier will be on display in the second floor vestibule throughout November. Kappemeier uses a variety of mediums including crayons, markers, watercolors, pens, pastels and collages. All of his landscapes are painted on site to reflect the true spirit of the subject. His studies of people delve beneath their surface appearance and capture their innermost feelings. His art is about the feeling of the moment that cannot be captured by copying photographs. He has studied at a variety of different schools including the Newark School of Fine and Industrial Arts.

**Rudyard Kipling's "Just So Stories"**  
A puppet show for Children of Rudyard Kipling's "Just

So Stories" will take place on November 3rd at 2:00 PM.

The performance will include four fanciful stories which explain the origin of many animals including how the elephant got his trunk, how the leopard got his spots, and how the camel got his hump.

Additionally there will be the story of how the alphabet was made.
